

Corfu *Set in the Ionian Sea off the western coast of Greece, Corfu is possibly the most beautiful of all islands: lagoon-like coves on the east coast and dramatic cliffs and golden beaches on the west. And possibly because there are few classical sights to see, vacation time on Corfu is almost purely concentrated on scenery, sea, sun, recreation and night life, and lovely Corfu Town is full of friendly cafes and tavernas. There are,*

however, important places to visit: the Venetian fortress overlooking Corfu harbor, the Achilleion Palace with its gardens and casino, and the Archaeological Museum. Excursion boats also head off to the island of Paxi, which like Corfu is covered with olive groves and has beautiful limestone cliffs and caves on its north coast; Antipaxi is another excursion, offering one of the most idyllic beaches in the Ionian.
