

Rhodes *One of the premier vacation spots in the Mediterranean, Rhodes is also one of the most interesting Greek islands. Successive waves of history have left their vivid marks. Gothic fortifications, built 600 years ago by the Knights of Saint John of Jerusalem, greet you at the harbor where the Colossus stood. Visitors to the capital city of Rhodes will experience contemporary hotel luxury, wining and dining in old tavernas and gambling, while medieval grandeur is the order of the day at Palace of Grand Masters and the Knights' Hospital which is now the Archaeological Museum. To enter yet another era, you have only to cross the island to Lindos, where the Temple of Athena tops an acropolis above the sea. Here, as elsewhere on the island are fine beaches.*
