Heraklion

Take a journey with us into the ancient world of Greece and the Greek Islands.

Dear Traveler,

Welcome to Tourlite International and for those of you who have traveled with us before, welcome back! We're now in our 40th year and I'm delighted to present our newest collection of Sunny Splendor Tours to Greece, The Greek Islands, Cyprus, Egypt, Israel, Italy and Turkey.

As a native of Greece, my knowledge and appreciation for this magical region began at a young age when I had the opportunity to travel extensively through Greece and the Greek Islands with my father, the owner of a shipping company. Today, with most of my immediate family living in America, we visit Greece frequently throughout the year and my home village on the island of Mytilene (Lesvos).

You can rest assured you'll be in the care of a knowledgeable, enthusiastic and friendly staff—including my nephew who manages our Athens office—who is there to make your journey with us an experience of a lifetime.

We have treated travel to Greece, the Greek Isles, Italy, Turkey and Egypt as an art form for decades, and this year we are proud to lift the curtain on what we believe is our masterpiece: a melange of adventure and discovery that is value packed and so diverse that you'll be able to select or design your own travel experience that is perfectly suited to your own personal tastes.

Travel with Tourlite International and let us guide you through these ancient and beautiful lands. You will never forget where you've been – or who brought you there.

Warm regards,

Nick Athans
